COO | Laura's 3 Spoon | Lorton, VA | October 2018–June 2020

- Developed original product, design, and process to bring to market including packaging and original recipes.
- Successfully maintained the business through the pandemic and successfully sold the business for profit
- Handled logistics for sales and deliveries for \$400,000 in annual revenue
- Reported sales, paid fees, and managed paperwork for compliance with health department regulations and the Department of Agriculture guidelines

Registrar | The Art League | Alexandria, VA | October 2019 – November 2021

- Developed a bookkeeping system for a department. I created a spreadsheet and a way to implement the accounting codes for different types of student generated income for the organization.

- Tracked, processed, and managed student data for over 500 students using a database.
- Audited payments in the database and generated reports for the accountants
